THE PERFECT LIVER MEDICINE

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at DuBois, Kolb and Co.

IT IS A FACT

That the man who spends every cent of his income, no matter how large, is poorer than he who saves a part of his, no matter how small. That sounds like common sense, does it not? This advice is just as sensible. Put a few, or many dollars into a savings bank as often as you can spare them, and you will soon be on the road to ease and wealth.

Let us fit you out with one of our Home Savings Bank and you try it for just a month and see how satisfied you will be.

PECULIAR CASE.

THE PRICE OF A HOUSE RAISED BY BACK TAXES.

Covington, Ky., July 30—Peculiar complications have arisen in the case of Attorney H. P. Whittaker, of Covington, against John Cline, millionaire capitalist of Newport, which was decided in the former's favor by Judge Tarvin, of the Kenton circuit court Monday. Cline paid \$4,600 for a house five years ago, which was sold to satisfy a judgment. Whittaker has been living in it. Judge Tarvin decided that Whittaker had a real title to the property, and gave him the right to buy it at the original price. It is now discovered that unpaid taxes on the house raise the price to \$8,000, and both parties are now anxious to get out of it.

AGAIN IN DURANCE VILE

PADGETT'S BONDSMEN GAVE HIM UP YESTERDAY AFTERNOON.

W. B. Padgett, former poor house keeper, and who was held to answer in the sum of \$750 Monday for alleged attempted criminal assault on Mary Poe, the blind girl, was yesterday afternoon late given up by his bondsmen, and is back in jail. Justice Jack Sheehan was one of his securities, and it seems with the other bondsmen became suspicious that Padgett intended to leave the city, and turned him over to the authorities again. He will have to remain in jail until the September term of court unless he secures other bondsmen.

THE BOSS WORM MEDICINE.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at DuBois, Kolb and Co.

AFRICAN BLUE BOOK

SHOWS THAT CHAMBERLAIN AGREED TO PROPOSAL FOR BROTHERLY LOVE COUNCIL.

London, July 29—A South African blue book, which has just been issued, shows that Joseph Chamberlain, the colonial secretary, consented to the proposal made Lord Milner, British high commissioner in South Africa, to take advantage of the good feeling prevailing between the Dutch and the British to make immediate announcement that the legislative councils of the new colonies, the Transvaal and the Orange River, shall be enlarged by the addition of non-official members and that the enlarged councils meet as early as possible, the month of September being suggested for this purpose. Lord Milner, it is learned from the blue book, admits that he previously believed such early legislative co-operation between the two nationalities to be impossible.

GOT \$2500

THE JURY GAVE THIS AMOUNT TO ROBERT POTTER YESTERDAY.

Another one of the railroad condemnation suits was finished yesterday afternoon late in county court, Robert Potter, whose property was appraised at \$2,000, being awarded \$2,500. Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. BRYAN HELPS REPUBLICANS

CHAIRMAN BABCOCK PLEASED BY HIS RECENT SPEECHES IN THE EAST.

Washington, July 30—Representative Babcock, chairman of the Republican congressional committee, is in Washington today. He states that the prospects for the Republicans electing a majority in the next house are exceedingly bright.

"Mr. Bryan," said Mr. Babcock, "has done much to help the Republicans by his trip east. He has raised once more the old spectre of free silver, and spoiled all prospects of harmony. The Democrats are entirely split up, and where there were prospects of harmony some weeks ago, all this has disappeared, and they are utterly at sea, without a policy or issue, and this is all due to Mr. Bryan." The Republicans welcomed the tariff as an issue, and would be glad to have another campaign on it.

It not only made inquiry as to the accuracy of the quotations reflecting on the Cubans, but complained of the consul general's criticism. The papers in the case are still before the president at Oyster Bay, but some action is expected shortly, either in the way of recalling the consul general or transferring him to some other post, if a suitable one can be found.

MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.
